

ABDUL JAMEEL AHAMED NAJAH

Computer Engineer | Undergraduate

Lahore, Punjab, Pakistan

☎ +92 3176222245 | ✉ alhafil.najah.aj@gmail.com | 🌐 najahaja | 📁 ahamednajah | 📁 Portfolio

Professional Summary

Final-year Computer Engineering student (CGPA 3.9/4.0) with internship experience in front-end development and IT support. Skilled in React.js, Python, and AI/ML frameworks like TensorFlow and Scikit-Learn. Contributed to scalable UI systems and database optimization in Agile environments. Eager to apply technical and problem-solving skills in a hands-on AI/software development internship.

Education

The University of Lahore

Lahore

BS in Computer Engineering

10/2022 – 05/2026

CGPA: 3.90/4.00

East Ceylon Arabic College

Certificate in Hafiz of the Quran

02/2011 - 05/2016

Technical Skills:

- **AI/ML:** TensorFlow, PyTorch, Keras, Scikit-Learn, NLP, Computer Vision, Hyperparameter Tuning
- **Programming:** Python (Advanced), C++, JavaScript, Java
- **Data Science:** Pandas, NumPy, Matplotlib, Seaborn, SQL
- **Web Development:** React.js, Redux, HTML/CSS, Bootstrap, tailwindCSS
- **Tools:** Git, Docker, Jupyter, Google Colab, VS Code, AWS (Basic)
- **Soft Skills:** Problem-Solving, Agile Methodologies, Cross-functional Collaboration

Experience

1. React Developer Intern

YoungDevIntern Company, Remote

09/2024 - 10/2024

- Built 5+ **responsive UIs** with **React.js + Redux**, improving component load speed by **30%** and reducing API lag by **15%**.
- Collaborated with designers/backend teams to deploy features using **Agile (SCRUM)**.
- Led **10+ peer code reviews/week**, ensuring compliance with **CI/CD pipelines**.

2. IT Support Intern

The University of Lahore, Lahore, Pakistan

06/2024 - 08/2024

- Automated **data cleanup**, boosting system performance by **20%**.
- Monitored **10+ university portals**, maintaining **99.9% uptime** for 5,000+ users.
- Managed **IT inventory** with digital tools, reducing asset loss to **0%**.

Projects

DSP Voice Recognition & Speaker Identification 09/2024 -12/2024

- Implemented MFCC for feature extraction and trained ML models for speaker classification.
- Achieved 95% accuracy, demonstrated ability to apply DSP in real-world problems.

Traffic Light Management System (Digital Logic Design) 09/2023-12/2023

- Designed a traffic light management system using digital logic circuits.
- Demonstrated proficiency in circuit design and simulation.

Built a Connect Four game using C++ and SFML 01/2023-03/2023

- Developed a [Connect Four game](#) in C++ with graphical interface using SFML library.
- Enhanced problem-solving skills through debugging and optimization.

Certifications

- **Advanced Learning Algorithms** – Coursera
- **Improving Deep Neural Networks: Hyperparameter Tuning, Regularization and Optimization** – Coursera
- **Structuring Machine Learning Projects** – Coursera
- **Neural Networks and Deep Learning** – Coursera
- **Supervised Machine Learning: Regression and Classification** – Coursera
- **Unsupervised Learning, Recommenders, Reinforcement Learning** – Coursera
- **Data Analysis with Python** – freeCodeCamp
- **Scientific Computing with Python** – freeCodeCamp
- **Advanced React** – Coursera
- **Interactivity with JavaScript** – Coursera
- **Legacy JavaScript Algorithms and Data Structures** – freeCodeCamp
- **Responsive Web Design** – freeCodeCamp
- **Diploma in English** -Sri Lank Unites
- **Diploma in Business Entrepreneurship** - Sri Lank Unites

To Whom It May Concern

I am pleased to write this letter of recommendation for Mr. **Ahamed Najah**, a dedicated and high-achieving undergraduate student in the Department of Computer Engineering at The University of Lahore. Ahamed has consistently demonstrated exceptional academic performance, maintaining an impressive CGPA of 3.90, and has shown a strong aptitude in advanced computing subjects, particularly those related to Machine Learning (ML) and Artificial Intelligence (AI).

Ahamed's passion for AI and ML is evident not only through his coursework but also through his proactive pursuit of practical experience in these fields. His curiosity, critical thinking, and disciplined approach to learning set him apart as a student who is not only capable but also deeply committed to applying theoretical knowledge in real-world settings. He is eager to broaden his expertise through hands-on internships and is well-prepared to contribute meaningfully to any team or project.

I am confident that Ahamed will prove to be an asset to any ML/AI-related internship program. I highly recommend him without reservation and am happy to provide further information if required.

Sincerely,

Dr. M. Wasim Nawaz

Head,

Department, Computer Engineering
